

**CUSTOMER LETTER OF COMMITMENT
TRANSGAS LIMITED STORAGE DEVELOPMENT**

TransGas Limited
1777 Victoria Avenue
Regina, Saskatchewan
S4P 4K5

**Attention: Debbie Brown
Director, Customer Services**

Dear Ms. Brown:

**Re: TransGas Limited
Potential Storage Expansion
Customer Letter of Commitment**

_____ a body corporate having an office in the City of _____, in the Province of _____ (hereinafter referred to as "Customer") has received a letter from TransGas Limited ("TransGas") dated October 10, 2006 (the Open Season "Offer of Service Letter") and understands that TransGas is seeking commitments from existing and prospective customers regarding a potential storage expansion to the TransGas system.

Customer has read and understands the contents of the Offer of Service Letter, and accepts that TransGas is not bound to proceed with the provision of any requested storage service, in the event TransGas determines in its analysis that there is insufficient customer commitment to support the economics of a system expansion of sufficient capacity to meet the needs of the Letter of Commitment.

Pursuant to the Offer of Service, Customer hereby commits to the storage service, as outlined below. Customer understands that this commitment is conditional only upon TransGas satisfying the following conditions,:

1. TransGas determines in its discretion that it will proceed with a storage expansion of sufficient capacity to meet the needs of the Letter of Commitment, and secures all necessary approvals for the expansion;
2. The storage service quantity is within the maximum and minimum amounts identified in this Letter of Commitment,
3. The term is no greater than 5 years; and
4. The customer capital contribution is no greater than the Contribution Offer specified in this Letter of Commitment, which will be calculated based on:
 \$1.61/GJ X (times) Contracted Capacity; plus
 \$73.00/GJ per day X (times) Contracted Rate of Withdrawal.

Customer understands and agrees that in the event that TransGas does determine that it will proceed with an expansion of storage service, and satisfies

the above referenced conditions, including the receipt of TransGas Limited's Board of Directors approval and all other necessary approvals, then, Customer, by execution of this Letter of Commitment, will be obligated to proceed with the execution of the required TransGas Service Agreement, and accompanying Schedule of Service, as outlined in the TransGas Comprehensive Tariff, the terms and conditions of which shall govern any TransGas Storage service expansion offering, and shall be contractually obligated for the term of the service provided.

Further, Customer understands and agrees that the execution of this Letter of Commitment binds the Customer to provide a customer contribution, subject to the service capacity requested, but in no event shall the contribution exceed the amount of the Contribution Offer as specified above. TransGas reserves the right to request a Security Deposit, as outlined in the Tariff.

Storage Service Commitment Quantity

Customer agrees to a Storage Commitment of:

Maximum:

Contracted Capacity: _____ GJ*
Contracted Rate of Withdrawal: _____ GJ/day*

Minimum:

Contracted Capacity: _____ GJ*
Contracted Rate of Withdrawal: _____ GJ/day*

Customer understands and agrees that no changes can be made to this Letter of Commitment after October 31, 2006.

Agreed and accepted this ____ day of _____, 2006
