Tariff Amendment – Revocable Temporary Assignments

Effective May 1st, 2010, TransGas Limited (TransGas) updated the TransGas General Business Policies within the TransGas tariff to incorporate revocable temporary assignments.

This amendment to the TransGas tariff was reviewed and supported by the Customer Dialogue group on April 22, 2010. The revised wording in the Business Policies Item II.F.2.3 now states that the Assignment may be permanent, temporary or revocable temporary. The Assignment Request forms will now include the above three options.

Customers with existing Temporary Assignments executed prior to May 1st, 2010 are subject to the tariff language that was in effect at the time of execution - that temporary assignments are not revocable by either party. At your request, TransGas will issue new temporary Assignment Request forms with the revocable option.

To request re-issue, or for any other questions regarding this information, please call your Key Account Manager, Wendy Uytterhagen at (306) 777-9687 or Darlene Exner at (306)777-9501.

For information on this or other TransGas tariff updates, please visit TransGas Tariff Updates as found under Services on our website.
