TRANSGAS LIMITED
2020 SEASONAL BIDDABLE FIRM STORAGE INJECTION SERVICE "SFIS"
OPEN SEASON CLOSSES TUESDAY, APRIL 28, 2020

TransGas Limited (TransGas) hereby announces offering seasonal biddable firm storage injection service (SFIS) for the summer of 2020. This offer is being conducted pursuant to the terms and conditions contained within [the TransGas Comprehensive Tariff](#) and the terms and conditions set out herein.

This incremental SFIS for this upcoming injection season, will be available as a "bid for" service with a minimum bid level of **\$0.04 /GJ/d** which represents TransGas' incremental cost for this injection service. Bids can be made for a minimum of one (1) calendar month, and up to the entire six (6) months. **Bids will be accepted from 12:00 p.m. Saskatchewan time on Tuesday April 14, 2020 and will close at 12:00 p.m. Saskatchewan time on Tuesday, April 28 2020.** The bid rate will be charged as a demand rate applied to the awarded level of injection capacity.

TransGas will allocate the available capacity based on the highest bid revenue and notify bidders the day following the close of the bid window as to whether the bid has resulted in an award of service. In awarding the service, if two bids of equal value are received and there is not capacity to fill both bids, the available capacity will be prorated among the equal bids. Bidders will not be forced to accept prorated amounts less than their full bids.

The applicable terms and conditions associated with this service are available in the TransGas Tariff on our web site www.transgas.com, under "Storage Service Specifications" Storage Terms and Conditions.

The estimated incremental firm injection capability for the months from May to October 2020 has been established as follows:

Month	Injection Available (GJ/d)
May	40,000
June	30,000
July	20,000
August	10,000
September	0
October	0

As in previous years, we will be reviewing our systems capacity on a month-by-month basis and advising you of any **Monthly biddable** incremental injection capacity that may be available in addition to above.

Interested Customers are invited to complete the following attached Biddable Storage Injection Service Bid Form below and return it to TransGas via email by **12:00 p.m. Saskatchewan time Tuesday, April 28 2020**. TransGas will notify customers within one business day. For awarded contracts, TransGas will enter the contract into the TransGas Business System, QPTM on the customer(s) behalf.

If you have any questions or would like to discuss the implications of this Binding Open Season offering for your natural gas transportation portfolio, please contact TransGas at:

REQUESTED PERIOD	REQUESTED CAPACITY (GJ/DAY)	BID PRICE (\$/GJ/DAY)

By signing or clicking "I agree" below, Shipper agrees that, upon acceptance of this bid by TransGas, the transportation of gas to storage shall be governed by the terms and conditions of the [TransGas Comprehensive Tariff](#).

The injection of gas into storage will be governed by the Storage Terms and Conditions which form part of the Storage Service Specifications contained in the [TransGas Comprehensive Tariff](#) except for this Biddable Storage Injection Service, which will be in addition to the firm injection rights available to certain customers under the Terms and Conditions.

In the event this bid is awarded service, nominations for service must be provided by the Bidder in accordance with normal TransGas nominating procedures contained in the Storage Terms and Conditions.

Without any liability to any Bidder, TransGas reserves the right to: a) withdraw this service at any time prior to making an award of service; or b) reject any or all bids for the service.

The issuance of this call for bids in no way commits or implies that TransGas will proceed with this service.
